My Boo,
I knew the first time we dated and we fell in love, there was something about you I needed in my life. Turns out it wasn't something about you, it was all of you. You were made for me! You are my calm, my best friend, my strength and my weakness, my protector, my smile, my heart, and my happiness. You are truly my love, and with you, I am home. It was, is, and always will, be you ... just you ... With all my heart and my love ... today and always,
- Me

Roses are red, my dear Dusty, Violets are blue, No one I'd rather be dancing with than you. Mornings filled with coffee, Afternoons filled with sails, Anything we do together, it'll surely be off the rails.

All your life, the beach, desired. Now, by the range light, our walks inspire. Love, sun, and moon, with toes in the sand.
- DJS

Great memories are meant to last!
