BOCASCOPTES

Aries: Easy does it,

3-21-4-19

Aries! Time for rest, closure, and a major reboot before your birthday season, which begins on March 20th.

You have a few weeks to power down and dig deep before the celebrations begin.

Taurus: Time to play

4-20-5-20

some catch-up with your peeps, Taurus, and get back in touch with the ones you love.

Think back to that person, or those people who had your back when you needed them and return the favor. They won't forget the kindness.

Gemini: Make your

power move asap, Gems! As the sayings go, "There's no rest for the wicked," and "Make hay while the sun shines." There's no stopping a Gem in the month of March.

power move asap, Gems! As the sayings go, "There's no rest for the wicked," and "Make hay while the sun shines." There's no stopping a Gem in the month of March.

Cancer: Your patron

6-21-7-22

saint author is a Mr. Theodor S. Geisel, AKA Dr. Seuss.

"Oh, the Places You'll Go" is your book of the month. After all, Dr. Seuss was a Pisces, a fellow water sign, and with Jupiter transiting Pisces in your ninth house of adventure, travel is written in the stars.

Leo: In the wise words of

7-23-8-22

Adele, Leo's are "Rolling in the deep" this month.

You're not interested in anything superficial, and rapid convos are out of the question. Complex emotions are the only thing that interest you while the Sun moves through your intimate and intense eighth house of transformation.

Virgo: It takes two, baby!

8-23-9-22

As the Sun makes its way through your partnership (business and marriage)

zone, you crave harmony and interpersonal dealings of all kinds. Time to join forces near and perhaps even afar.

Libra: Time to open up

9-23-10-22

the windows, air out the house and let the spring cleaning

commence. This applies to your home as well as your body. Health goals, be it mental and physical, are due for a reboot and a rebalancing act, which is right up Libra's alley.

Scorpio: Who's got the

10-23-11-21

spring fever, Scorpio! That would be you with the Sun

moving through your fifth house of romance, glamour, and fun. Power up those famous Scorpio flaming-hot passions and rock the spotlight! It's your time to shine.

Sagittarius: Whoa,

11-22-12-21

Nelly! Time to slow down and hold your horses,

something a Sag hates to hear. All things home and nurturing are calling your name. We all know how you love to burn the candle at both ends. Time to light one flickering flame at home and focus on self-care.

Capricorn: You're gag

12-22-1-19

order has been lifted, Cappies, as the Sun

moves through your loquacious zone of talk-till-you-drop. Get out there and circulate, hit those local hotspots, and reconnect with friends, loved ones as well as a client or two.

Aquarius: Now that your

1-20-2-18

birthday season has ended, time to roll up your sleeves and

get down to "bidness" as the hipsters say. Spend your energies crafting that new budget and path to success. Nothing fancy, just a well-planned step by step game plan that's sure to pay dividends through 2022.

Pisces: What do you

2-19-3-20

want for your birthday, Pisces? That's the

question of the month and the secret to your success. Hit that vision board, write down your dreams and watch them come to life. You have the Midas touch, so go for the gold!
