

PETS OF THE WEEK

Meet beautiful and sweet **Daphne!** When Daphne first arrived at Suncoast Humane Society, Daphne was suffering from significant hair loss due to allergies. She was also on the thin side and like many animals that enter the shelter, very unsure of her new surroundings.

DOGS

Say hello to **Jake!** Jake is a fun loving and carefree pup at just 1 year old. He's a very active guy who loves car rides and playing tug of war with his favorite rope toys. He loves to run and play, so he would be perfect in an active home. He walks well on a leash, so he would make a great jogging partner!

To visit these pets and their friends, come to Suncoast Humane Society at 6781 San Casa Dr. in Englewood, call (941) 474-7884, or visit humane.org.

Meet **BIG Louie!** He's quite the character and loves taking center stage. Louie is a laid-back guy but prefers to be the only star in the limelight, which means he's best as an only pet. He's very loving and affectionate, but in true celebrity style, wants it to be on his terms. He'll curl up on your lap but when he wants to and not necessarily on cue.

CATS

Beautiful **Bailey** has patiently been waiting for her fur-ever home for a while now. This mellow beauty is a lounge lizard of sorts but can fool you if you introduce her to a chaser toy, especially one with feathers! She can be a bit independent but is very affectionate once she gets to know you.

BOCASCOPE

**Aries:** After a long, cold winter in the love department, all things **3-21-4-19** "L'Amour" will begin to lighten, making life a lot more friendly and fun. Blow the cobwebs off of your social calendar because your schedule should be busy like a bee.

**Taurus:** Venus, your ruling planet, charges into your career zone on **4-20-5-20** March 6th heating up your professional and work life for the rest of the month. Schmoozing and socializing will take your public life to new heights, so say yes to those invitations, Bulls.

**Gemini:** Times have been intense as of late and for a Gemini, that is not your scene. This intense energy lifts on March 6th, as Venus and Mars move into your expansive ninth house. Pack your bags as adventure awaits.

**Cancer:** It's easier than ever to change your mindset this month, Cancer, as the planets call for clear skies ahead. You have a rare window of time to move ahead, dig deep and build something brilliant from the ground up.

**Leo:** Venus and Mars, two of your fave love planets, are heating up your seventh house of partnership and marriage, making this the perfect time to forge a dynamic duo. After an intense start to 2022, you'll be feeling like your old self again in no time.

**Virgo:** No one likes to study the fine print like a Virgo, and you have permission from the cosmos to do just that this month. Leave no stone unturned and pick away, Virgos. Just try to exercise a bit of kindness to the ones you love. You're welcome.

**Libra:** Your home zone may have felt like a hotbed of anxiety **9-23-10-22**

since the start of the year. This all changes when love planets Venus and Mars move into your romance and pleasure zone. The shackles have been lifted and you can get back to what you like best; flirtin' till it hurts.

**Scorpio:** Stoking those home fires is where it's at for you, as you'll be eager to redecorate, shop for some goodies at Boca Bargains or even make a home move. Fair warning, you may be more emotional than usual, which is saying a lot for a water sign like you. Breathe deep.

**Sagittarius:** This month has your name written all over it with Venus and Mars, planets of love and passion, passing through your community and communication zone. You love a good conversation, so talk away as sparks of all shapes and sizes ignite your urge to flirt.

**Capricorn:** Have you been feeling like you've been in the hotseat as of late? Relief is in sight, as Venus and Mars move from your sign to your money zone. Time to relax, kick up your heels and watch the money roll in the door.

**Aquarius:** You'll be oozing charm and charisma like a Zen master with Venus and Mars, planets of love and passion, transiting Aquarius. Reconnect with kindred spirits and get ready to put the pedal to the metal as your productivity will be at an all-time high.

**Pisces:** Yes, 2022 is your year. Yes, Jupiter the planet of good fortune and growth is in your sign. Yes, the Sun is also in your sign. One caveat; Venus and Mars is in your 12th house of rest and renewal. Time to take it easy. As Bobby McFerrin says, "Don't worry, be happy."
