

Around the town ...

■ The amount of people around the island has really started to dwindle now, so there's lots of open space and solitude for both human and animal. Shown below, serene kayakers at the trestle; A seagull with a piece of beach to himself; a handsome ginger-haired Archie loves to read the Boca Beacon; an elusive green anole; a not-so-elusive manatee just hanging out; a quiet Sam Murphy Park; footprints on the beach.
